Organisational effectiveness

Increase ActSEA's organisational capacity to achieve our mission and strategies.

Roles and responsibilities

Assess ActSEA's organisational capacity:

- Design capacity assessments
- Design and implement feedback mechanisms
- Gather and analyse data and feedback
- Make recommendations to respective teams to improve organisational capacity

Ensure the implementation of recommendations:

- Monitor the progress of follow-up actions
- Support respective teams to implement recommendations

Develop capacity to assess organisational capacity:

- Design and implement an organisational capacity framework suitable to ActSEA
- Provide training and mentoring to team members who are assessing organisational capacities, with the Knowledge Team
